

Middleton Stream Team
Environmental Scholarship 2026

The Middleton Stream Team is a non-profit 501c3 tax exempt all-volunteer service organization formed originally as a small group in 1998. Our mission is environmental stewardship, primarily in the streams and wetlands of the Ipswich River Watershed that are located in Middleton MA. We are committed to promoting, conserving, protecting, improving and expanding the natural, scenic and historical resources and recreational opportunities as well as to fostering the responsible use and enjoyment of these resources by the public. The Team's mission is accomplished in works of education, public service, conservation and advocacy. The Middleton Stream Team interfaces with local and regional environmental, community, school and youth groups; and with town government; and serves all the community.

To further its mission, the Middleton Stream Team recognizes the need to protect the environment for future generations so it has established a yearly fund used to award a scholarship to an outstanding Tri-Town high school senior who has demonstrated an interest in protecting the environment now and for the future.

ELIGIBILITY

The Middleton Stream Team will be awarding \$1000.00 this year to a deserving Tri-Town resident who is a High School senior, based on the following criteria:

The high school senior (any school except for Essex North Shore Agricultural and Technical School which has a separate scholarship with MST) must live in Middleton, Boxford or Topsfield Massachusetts.

The student must be in pursuit of a degree in a post secondary education institution, (2 year and/or 4-year accredited schools qualify).

WHAT TO SUBMIT

Applicants must submit an essay describing their interests and experiences as it relates to the Middleton Stream Team's mission. They should include their current studies in the environmental field, extracurricular activities, past volunteer experiences and employment. Demonstrate an active continued interest in environmental stewardship and protection of natural resources. Also, we ask the student to share their intentions and aspirations for their college pursuits and eventual career or activism pathway in environmental topics such as alternative energy, water management, pollution control, conservation and recycling

Applicants need to fill out the application and type their essays and mail to MST by April 1, 2026

Your application will be considered by the MST scholarship committee and you will be notified by May 1, 2026.

Thank you.
